INTERNSHIP/S

Summer Intern, Salesforce , VirtualMay 2024-June 2024

Salesforce – It is a leading cloud-based platform for customer relationship management (CRM) solutions.

- Salesforce Developer trainee
 - Key Impact:** Enhanced understanding and practical experience in Salesforce development, contributing to the successful completion of various Salesforce Trailhead modules and Super Badges.
- Project Collaborator:** Worked on Salesforce applications, gaining hands-on experience with Apex, Testing, and Lightning Web Components (LWC)
 - Impact:** Improved team efficiency and project outcomes by implementing streamlined development processes and effective problem-solving techniques.

Professional Recognition

- Awarded Super Badges: Apex Specialist, Process Automation Specialist, and Developer Super Set for outstanding performance and expertise in Salesforce development.

ACADEMIC PROJECTS

- Project 1: Coupon Prediction System**
 - Description:** Developed a system to predict customer coupon usage using various machine learning algorithms including linear regression, SVM, decision tree, and random forests. The project aimed to optimize coupon distribution based on predicted usage patterns.
 - Role:** Responsible for feature engineering within a team of four members.
 - Technologies Used:** Pandas, NumPy, Matplotlib.
 - Outcome:** Successfully implemented and compared multiple machine learning models for coupon prediction, enhancing understanding of predictive analytics in marketing strategies.
- Project 2: Restaurant Menu Landing Page**
 - Description:** Designed and developed a user-friendly landing page for a restaurant, showcasing the menu and enhancing the online presence of the restaurant.
 - Technologies Used:** HTML, CSS, JavaScript.
 - Outcome:** Delivered a visually appealing and intuitive landing page that improved user engagement and provided easy access to the restaurant's menu, contributing to increased online visibility and customer interaction.

ACADEMIC ACHIEVEMENTS AND AWARDS

- Ranked 10th in school in the International Mathematics Olympiad (IMO) in 2015.

POSITIONS OF RESPONSIBILITY

- Served as a Council Member in school.

EXTRA-CURRICULAR ACTIVITIES AND ACHIEVEMENTS

- Awarded for an essay competition in 2016.

OTHER INFORMATION

- **Interests:** Reading self-help books, Googling, driving, cooking.
